Hot Spell Means Much Illness for Children of the Poor.

FOND DOCTORS KEPT BUSY.

Evening World Physicians Hard at Work in Tenement Districts.

THE SITUATION.
The hot spell which has come upon us so suddenly and with such force finds many of its victims among the children of the poor. These little ones, crowded up in stuffy, crowded rooms, their only playground a narrow, malodorous street, fall easy prey to diseases bred of hot weather.

Into the tenement districts The Evening World Black Babies Fund sends a staff of skilled physicians to administer proper medical care and necessary medicine, free of charge, to these little sufferers.

The fund does not estimate good, but much money is needed to keep up the work. Every sum of money, no matter how small, may mean that one more poor sick child may be visited by the fund doctors and nurses back to health.

Contributions should be addressed to the Cashier of The World, Pulitzer Building, New York City.
